WORK EXPERIENCES

Junior Researcher and Technologist @ DSH Unit

Fondazione Bruno Kessler, Trento • Jan 2023 - Present

Web Developer Internship

Fondazione Bruno Kessler, Trento • Oct 2020 - Jan 2021

EDUCATION

Master of Science in Data Science

University of Trento • 2021 - Present

Bachelor's degree in Interfaces and Communication Technologies

University of Trento • 2018 - 2021

PROJECTS

Trentino Education

Knowledge and Graph Engineering • Dec 2022

During this course, we created a Knowledge Graph that assists parents and students in locating schools in the Trentino area by city, municipality, school type, course length, instructional activity schedules, contact information, and education metrics.

DarkrAI: a Pareto ϵ -greedy policy

Bio-inspired Artificial Intelligence course • Aug 2022

During this project we trained an agent for playing Pokémon battles starting from the classic Reinforcement Learning setup. We restricted the pool of possible next states using a Genetic Algorithm.

Image Search Engine

Introduction to Machine Learning course • May 2022

The aim of this project was to create an image search engine, where a query image is fed to a model that would return the most similar images from a gallery.

SKILLS

Languages Python, R, SQL, Javascript, C# (beginner), Java (beginner)

Libraries PyTorch, Numpy, Pandas, ggplot, tidymodels

Technologies MySQL, MongoDB, Spark (beginner), Redis (beginner), VueJS, Linux (beginner)
